Post-Transfer Communication								
How will the hospital provider report back to the OOH provider on the patient's hospital course?	The UWNQC transfer form should include contact information for the OOH provider. The receiving provider will call the OOH provider and fax or mail a consultation report or a discharge summary as appropriate.						Under review	

*Non-urgent is defined as a condition where the patient needs medical attention, but the situation is not life-threatening, and a delay of up to hours is not likely to significantly affect the outcome.

**Urgent is defined as a condition where the patient needs immediate medical attention to prevent serious injury or death.
